The King Is Coming

The King is Coming: Ten Events That Will Change Our Future Forever

Welcome to your future. The King is Coming! In this study you will discover what Scripture says you can know about Christ's return—and what this means for you. People are often surprised to learn that the second coming gets the most ink in the Bible, outnumbering references to the first coming by a factor of eight to one.

The purpose of the study is to renew our expectation of the return of the Messiah Jesus and, in doing so, motivate us to live pure lives for Him. This holy purpose is the reason that more than half of God's Word is prophetic.

We have not been left completely in the dark. There is much we can learn. Within this book are ten events we can be certain of, ten events that will change our future forever as the King - Returns for Us, Judges Us, Marries His Bride, Tolerates a Rival, Judges Those Left Behind, Destroys Nations, Returns to Conquer, Reigns in His Kingdom, Judges Unbelievers, and lastly, Invites Us to Reign with Him.

The King is Coming has been written precisely to aid our own exploration of biblical prophecies. It is not designed to tickle our curiosity or inflame our fears. It provides answers for those questioning what comes next, but also empowerment and instruction to live accordingly in the here and now and, in so doing, be motivated to live pure lives for Him.
